Product Datasheet

Anti-Hu CD263 FITC
GRP11364

Description	The antibody TRAIL-R3-02 reacts with TRAIL-R3, a 35 kDa GPI-anchored extracellular membrane protein expressed mainly on neutrophils.
Reactivity	Human
Tested Applications	FC
Immunogen	TRAIL-R3 (aa 1-280) - hIgGhc fusion protein
Concentration	0.1 mg/ml
Storage	Store in the dark at 2-8°C. Do not freeze. Avoid prolonged exposure to light. Do not use after expiration date stamped on vial label.
Note	For research use only.
Isotype	Mouse IgG1
Clonality	Monoclonal
Clone ID	TRAIL-R3-02
Uniprot ID	O14798
NCBI	8794
