

## Product Datasheet

### RON pY1360 (RABBIT) Antibody GRP3718

|                     |                                                                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-RON pY1360 (RABBIT) Antibody                                                                                                                                     |
| Species/Host        | Rabbit                                                                                                                                                                |
| Reactivity          | Human                                                                                                                                                                 |
| Conjugation         | Unconjugated                                                                                                                                                          |
| Tested Applications | ELISA, WB                                                                                                                                                             |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                            |
| Concentration       | 0.79 mg/mL                                                                                                                                                            |
| Note                | For research use only.                                                                                                                                                |
| Isotype             | IgG                                                                                                                                                                   |
| Clonality           | Polyclonal                                                                                                                                                            |
| Source              | Anti-RON pY1360 Antibody was produced in rabbits by repeated immunizations with a synthetic peptide corresponding to residues surrounding Y1360 of human RON protein. |
| Uniprot ID          | <b>Q04912</b>                                                                                                                                                         |
| Entrez              | <a href="https://www.ncbi.nlm.nih.gov/gene//4486">https://www.ncbi.nlm.nih.gov/gene//4486</a>                                                                         |
| Dilution Range      | ELISA: 1:2,000 - 1:10,000, Western Blot: 1:500-1:2000                                                                                                                 |

Western Blot - Rabbit  
anti-RONpY1360
