### SHEEP IgG F(ab')<sub>2</sub> (RABBIT) Antibody GRP1792

|                     |                                                                                                                                                                                           |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Species/Host        | Rabbit                                                                                                                                                                                    |
| Conjugation         | Unconjugated                                                                                                                                                                              |
| Tested Applications | ELISA, IHC-P, WB                                                                                                                                                                          |
| Form/Appearance     | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                   |
| Concentration       | 80 mg/mL                                                                                                                                                                                  |
| Note                | For research use only.                                                                                                                                                                    |
| Isotype             | Antiserum                                                                                                                                                                                 |
| Clonality           | Polyclonal                                                                                                                                                                                |
| Source              | Sheep IgG F(ab') <sub>2</sub> fragment                                                                                                                                                    |
| Dilution Range      | ELISA: 1:20,000 - 1:100,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000                                                                                         |
| Application Notes   | Anti-Sheep IgG F(ab') <sub>2</sub> antibody is suitable for use in ELISA, immunohistochemistry, and western blot. Specific conditions for reactivity should be optimized by the end user. |
