

## Product Datasheet

### STAT5 (RABBIT) Antibody GRP3604

|                     |                                                                                                                                                                                                               |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-STAT5 (RABBIT) Antibody                                                                                                                                                                                  |
| Species/Host        | Rabbit                                                                                                                                                                                                        |
| Reactivity          | Human                                                                                                                                                                                                         |
| Conjugation         | Unconjugated                                                                                                                                                                                                  |
| Tested Applications | ELISA, WB                                                                                                                                                                                                     |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                    |
| Concentration       | 1.2 mg/mL                                                                                                                                                                                                     |
| Note                | For research use only.                                                                                                                                                                                        |
| Isotype             | IgG                                                                                                                                                                                                           |
| Clonality           | Polyclonal                                                                                                                                                                                                    |
| Source              | This affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to residues near the carboxy terminus of mouse Stat5a protein. |
| Uniprot ID          | <b>P42230</b>                                                                                                                                                                                                 |
| Entrez              | <a href="https://www.ncbi.nlm.nih.gov/gene//20850">https://www.ncbi.nlm.nih.gov/gene//20850</a>                                                                                                               |
| Dilution Range      | ELISA: 1:25,000, Western Blot: 1:500 - 1:2,000                                                                                                                                                                |

Anti-STAT5 Antibody -  
Western  
Blot
