

Product Datasheet

STAT5 [Arg31-Methyl] (RABBIT) Antibody GRP3724

| | |
|----------------------------|---|
| Description | Anti-STAT5 [Arg31-Methyl] (RABBIT) Antibody |
| Species/Host | Rabbit |
| Reactivity | Human |
| Conjugation | Unconjugated |
| Tested Applications | ELISA, WB |
| Form/Appearance | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Concentration | 0.57 mg/ml |
| Note | For research use only. |
| Isotype | IgG |
| Clonality | Polyclonal |
| Source | STAT5A [Arg31-Methyl] affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic monomethylated peptide surrounding Arginine 31 of human STAT. |
| Uniprot ID | P42229 |
| Dilution Range | ELISA: 1:5000, Western Blot: 1:500 |
