

Product Datasheet

SWINE IgM (mu) (RABBIT) Antibody GRP1798

Species/Host	Rabbit
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	75 mg/mL
Note	For research use only.
Isotype	Antiserum
Clonality	Polyclonal
Source	Swine IgM mu heavy chain
Dilution Range	ELISA: 1:20,000 - 1:100,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000
Application Notes	Anti-Swine IgM antibody are ideal for ELISA, western blotting, Immunohistochemistry, as well as other antibody detection methods.
