

## Product Datasheet

### TSLP (RABBIT) Antibody Biotin Conjugated GRP3011

|                            |                                                                                                                                                          |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-TSLP (RABBIT) Antibody Biotin Conjugated                                                                                                            |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                   |
| <b>Reactivity</b>          | Human                                                                                                                                                    |
| <b>Conjugation</b>         | Biotin                                                                                                                                                   |
| <b>Tested Applications</b> | ELISA, WB                                                                                                                                                |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                               |
| <b>Concentration</b>       | 1.0 mg/mL                                                                                                                                                |
| <b>Note</b>                | For research use only.                                                                                                                                   |
| <b>Isotype</b>             | IgG                                                                                                                                                      |
| <b>Clonality</b>           | Polyclonal                                                                                                                                               |
| <b>Source</b>              | Anti-TSLP antibody was prepared from rabbit antiserum after repeated immunizations with a truncated form of recombinant human TSLP protein from E. coli. |
| <b>Uniprot ID</b>          | <b>Q969D9</b>                                                                                                                                            |
| <b>Entrez</b>              | <a href="https://www.ncbi.nlm.nih.gov/gene/85480">https://www.ncbi.nlm.nih.gov/gene/85480</a>                                                            |
| <b>Dilution Range</b>      | ELISA: 1:20,000 - 1:50,000, Fluorochrome: 10-20, Western Blot: 1:1000-1:2000                                                                             |

WB - TSLP Antibody
