

Product Datasheet

V5 EPI TOPE TAG (RABBIT) Antibody GRP3383

Description	Anti-V5 EPI TOPE TAG (RABBIT) Antibody
Species/Host	Rabbit
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	This antibody was purified from whole rabbit serum prepared by repeated immunizations with V5 epitope tag peptide corresponding to aa 95-108 of the V protein conjugated to KLH using maleimide.
Dilution Range	ELISA: 1:10,000 - 1:60,000, Immunochemistry: 1:500 - 1:3,000, Western Blot: 1:5,000 - 1:10,000

Anti-V5 Epitope Tag
Polyclonal
Antibody - Western Blot
