### F(ab')<sub>2</sub> BOVINE IgG F(ab')<sub>2</sub> (RABBIT) Antibody Peroxidase Conjugated GRP3172

|                            |                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------|
| <b>Description</b>         | F(ab') <sub>2</sub> Anti-BOVINE IgG F(ab') <sub>2</sub> (RABBIT) Antibody Peroxidase Conjugated |
| <b>Species/Host</b>        | Rabbit                                                                                          |
| <b>Conjugation</b>         | HRP                                                                                             |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                                |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                      |
| <b>Note</b>                | For research use only.                                                                          |
| <b>Isotype</b>             | IgG F(ab') <sub>2</sub>                                                                         |
| <b>Clonality</b>           | Polyclonal                                                                                      |
| <b>Source</b>              | Bovine IgG F(ab') <sub>2</sub> fragment                                                         |
| <b>Dilution Range</b>      | ELISA: 1:10,000 - 1:50,000, Immunochemistry: 1:500 - 1:2,500, Western Blot: 1:1,000 - 1:10,000  |
