### F(ab')<sub>2</sub> CHICKEN IgG [H&L] (RABBIT) Antibody Phycoerythrin conjugated GRP5427

|                            |                                                                                       |
|----------------------------|---------------------------------------------------------------------------------------|
| <b>Description</b>         | F(ab') <sub>2</sub> Anti-CHICKEN IgG [H&L] (RABBIT) Antibody Phycoerythrin conjugated |
| <b>Species/Host</b>        | Rabbit                                                                                |
| <b>Conjugation</b>         | RPE                                                                                   |
| <b>Tested Applications</b> | FC, IF                                                                                |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                            |
| <b>Concentration</b>       | 0.5 mg/mL                                                                             |
| <b>Note</b>                | For research use only.                                                                |
| <b>Isotype</b>             | IgG F(ab') <sub>2</sub>                                                               |
| <b>Clonality</b>           | Polyclonal                                                                            |
| <b>Source</b>              | Chicken IgG whole molecule                                                            |
| <b>Dilution Range</b>      | Flow Cytometry: 1:100 - 1:250, IF Microscopy: 1:100 - 1:250                           |
