### F(ab')<sub>2</sub> GUINEA PIG IgG [H&L] (RABBIT) Antibody Biotin Conjugated GRP5472

|                            |                                                                                       |
|----------------------------|---------------------------------------------------------------------------------------|
| <b>Description</b>         | F(ab') <sub>2</sub> Anti-GUINEA PIG IgG [H&L] (RABBIT) Antibody Biotin Conjugated     |
| <b>Species/Host</b>        | Rabbit                                                                                |
| <b>Conjugation</b>         | Biotin                                                                                |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                      |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                            |
| <b>Concentration</b>       | 0.5 mg/mL                                                                             |
| <b>Note</b>                | For research use only.                                                                |
| <b>Isotype</b>             | IgG F(ab') <sub>2</sub>                                                               |
| <b>Clonality</b>           | Polyclonal                                                                            |
| <b>Source</b>              | Guinea Pig IgG whole molecule                                                         |
| <b>Dilution Range</b>      | ELISA: 1:90,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000 |
