

## Product Datasheet

### Anti-Hu TCR Vbeta5.3-related Purified GRP10380

<b>Description</b>	The antibody MEM-262 recognizes an extracellular epitope on beta chains of the TCR expressed by HPB-ALL cell line [carrying V(beta5.3)] and a small subset of peripheral blood T cells. This
<b>Reactivity</b>	Human
<b>Tested Applications</b>	FC, IP, WB
<b>Immunogen</b>	Human thymoma cell line HPB-ALL.
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG2a
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	MEM-262
