### Anti-Hu SIGLEC8 Purified GRP10422

|                            |                                                                                                                                                   |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | The mouse monoclonal antibody 7C9 recognizes an extracellular epitope of SIGLEC8, an eosinophil marker, expressed e.g. in lymph nodes and spleen. |
| <b>Reactivity</b>          | Human                                                                                                                                             |
| <b>Tested Applications</b> | ELISA, FC, IP                                                                                                                                     |
| <b>Immunogen</b>           | Extracellular domain of human SIGLEC8 fused with Fc fragment of human IgG1                                                                        |
| <b>Concentration</b>       | 1 mg/ml                                                                                                                                           |
| <b>Storage</b>             | Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.                                                             |
| <b>Note</b>                | For research use only.                                                                                                                            |
| <b>Isotype</b>             | Mouse IgG1                                                                                                                                        |
| <b>Clonality</b>           | Monoclonal                                                                                                                                        |
| <b>Clone ID</b>            | 7C9                                                                                                                                               |
| <b>Uniprot ID</b>          | Q9NYZ4                                                                                                                                            |
| <b>NCBI</b>                | 27181                                                                                                                                             |
