

## Product Datasheet

### Anti-Perforin Purified GRP10444

<b>Description</b>	The mouse monoclonal antibody dG9 (also known as deltaG9) recognizes perforin, a 70 kDa protein expressed in cytoplasmic granules of cytotoxic T cells and NK cells.
<b>Reactivity</b>	Human, Bovine
<b>Tested Applications</b>	FC, ICC, IHC-Fr, IHC-P, IP
<b>Immunogen</b>	purified granules from human YT lymphoma cell line
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG2b kappa
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	dG9
<b>Uniprot ID</b>	P14222
<b>NCBI</b>	5551
