

## Product Datasheet

### Anti-PAG1 Purified GRP10452

<b>Description</b>	The antibody MEM-255 recognizes an epitope (aa 235-280) of Csk-binding protein (Cbp) located in the cytoplasmic domain, also known as protein associated with glycosphingolipid-enriched microdomains (PAG).
<b>Reactivity</b>	Human
<b>Tested Applications</b>	FC, IHC-P, WB
<b>Immunogen</b>	Recombinant intracellular fragment (aa 97-432) of human Cbp (PAG).
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG2a
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	MEM-255
<b>Uniprot ID</b>	Q3U1F9
<b>NCBI</b>	94212
