

## Product Datasheet

### Anti-Neurofilament M Purified GRP10478

<b>Description</b>	The antibody NF-09 reacts with both phosphorylated and non-phosphorylated form of medium neurofilament protein (160 kDa intracellular antigen) of various species.
<b>Reactivity</b>	Mammalian
<b>Tested Applications</b>	ICC, IHC-P, WB
<b>Immunogen</b>	Pellet of porcine brain cold stable proteins after depolymerization of microtubules.
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG2a
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	NF-09
<b>Uniprot ID</b>	P07197
<b>NCBI</b>	4741
