

## Product Datasheet

### Anti-LAT Purified GRP10515

|                            |   |
|----------------------------|---|
| <b>Description</b>         | The antibody LAT-01 reacts with an intracellular epitope of LAT, a 36-38 kDa transmembrane adaptor protein expressed by T cells, pre-B cells, NK cells, mast cells and platelets. |
| <b>Reactivity</b>          | Human   |
| <b>Tested Applications</b> | FC, IP, WB  |
| <b>Immunogen</b>           | Bacterially produced recombinant polypeptide  |
| <b>Concentration</b>       | 1 mg/ml   |
| <b>Storage</b>             | Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.   |
| <b>Note</b>                | For research use only.  |
| <b>Isotype</b>             | Mouse IgG1  |
| <b>Clonality</b>           | Monoclonal  |
| <b>Clone ID</b>            | LAT-01  |
| <b>Uniprot ID</b>          | O43561  |
| <b>NCBI</b>                | 27040   |
