

## Product Datasheet

### Anti-Hu CD95 Purified Low Endotoxin GRP10784

<b>Description</b>	The mouse monoclonal antibody EOS9.1 recognizes an extracellular epitope of CD95 (Fas/APO-1), a 46 kDa glycoprotein of the tumour necrosis factor/nerve growth factor (TNF/NGF) receptor superfamily, expressed on a variety of normal and neoplastic cells.
<b>Reactivity</b>	Human
<b>Tested Applications</b>	FC, FA
<b>Immunogen</b>	P815 cells transfected with human CD95
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgM kappa
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	EOS9.1
<b>Uniprot ID</b>	P25445
<b>NCBI</b>	355
