

## Product Datasheet

### Anti-Hu CD58 Biotin GRP10978

<b>Description</b>	The antibody MEM-63 reacts with CD58 (LFA-3), a 40-70 kDa extracellular membrane glycoprotein distributed over many tissues, leukocytes, erythrocytes, endothelial cells, epithelial cells and fibroblasts.
<b>Reactivity</b>	Human, Pig
<b>Tested Applications</b>	FC
<b>Immunogen</b>	NALM-6 human pre-B cell line
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG1
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	MEM-63
<b>Uniprot ID</b>	P19256
<b>NCBI</b>	965
