

## Product Datasheet

### Anti-Hu CD138 Purified Azide Free GRP11687

<b>Description</b>	The mouse monoclonal antibody B-A38 recognizes an extracellular epitope of CD138 (syndecan 1), a 65-70 kDa heparan sulfate proteoglycan expressed mainly in the epidermis and plasma cells, but also in growth factor-stimulated lymphocytes.
<b>Reactivity</b>	Human
<b>Tested Applications</b>	FC, IHC
<b>Immunogen</b>	U266 human peripheral blood myeloma cell line
<b>Concentration</b>	1 mg/ml
<b>Storage</b>	Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label.
<b>Note</b>	For research use only.
<b>Isotype</b>	Mouse IgG1
<b>Clonality</b>	Monoclonal
<b>Clone ID</b>	B-A38
<b>Uniprot ID</b>	P18827
<b>NCBI</b>	6382
