Product Datasheet

6X HIS EPITOPE TAG (RABBIT) Antibody GRP3389

Description Anti-6X HIS EPITOPE TAG (RABBIT) Antibody

Rabbit Species/Host

Conjugation Unconjugated

Tested Applications ELISA, IHC-P, WB

Form/Appearance 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2

Concentration 0.95 mg/mL

Note For research use only.

Isotype IgG

Clonality Polyclonal

Source This antibody was purified from whole rabbit serum prepared by

repeated immunizations with 6X His epitope tag peptide

H-H-H-H conjugated to KLH using maleimide.

ELISA: 1:10,000 - 1:40,000,Immunochemistry: 1:500 - 1:2,000,Western Blot: 1:1,000 - 1:3,000 **Dilution Range**

Anti-6X His Antibody -Western Blot
