

## Product Datasheet

### ABCB5 (RABBIT) Antibody GRP3621

|                     |                                                                                                                                                                                                                |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-ABCB5 (RABBIT) Antibody                                                                                                                                                                                   |
| Species/Host        | Rabbit                                                                                                                                                                                                         |
| Reactivity          | Human                                                                                                                                                                                                          |
| Conjugation         | Unconjugated                                                                                                                                                                                                   |
| Tested Applications | ELISA, IHC-P, WB                                                                                                                                                                                               |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                     |
| Concentration       | 0.31 mg/mL                                                                                                                                                                                                     |
| Note                | For research use only.                                                                                                                                                                                         |
| Isotype             | IgG                                                                                                                                                                                                            |
| Clonality           | Polyclonal                                                                                                                                                                                                     |
| Source              | This affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to residues corresponding to an internal region of human ABCB5. |
| Uniprot ID          | <b>Q2M3G0</b>                                                                                                                                                                                                  |
| Entrez              | <b>340273</b>                                                                                                                                                                                                  |
| Dilution Range      | ELISA: 1:10,000 - 1:15,000, Immunocytochemistry: 1:200, Western Blot: 1:10,000                                                                                                                                 |

IHC - ABCB5 Antibody
