

## Product Datasheet

# AKT3 (MOUSE) Phycoerythrin Conjugated Monoclonal Antibody GRP2244

|                            |                                                                                                                                                                            |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-AKT3 (MOUSE) Phycoerythrin Conjugated Monoclonal Antibody                                                                                                             |
| <b>Species/Host</b>        | Mouse                                                                                                                                                                      |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                                                                                          |
| <b>Conjugation</b>         | RPE                                                                                                                                                                        |
| <b>Tested Applications</b> | ELISA, FC, IF, IHC-P, WB                                                                                                                                                   |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.5 M Sodium Chloride, pH 7.2                                                                                                                  |
| <b>Concentration</b>       | 1.0 mg/mL                                                                                                                                                                  |
| <b>Note</b>                | For research use only.                                                                                                                                                     |
| <b>Isotype</b>             | IgG1                                                                                                                                                                       |
| <b>Clonality</b>           | Monoclonal                                                                                                                                                                 |
| <b>Source</b>              | Anti-AKT3 Antibody was produced in mice by repeated immunizations with a synthetic peptide corresponding to internal residues of human AKT3 protein.                       |
| <b>Clone ID</b>            | 9A5.H9.G7                                                                                                                                                                  |
| <b>Uniprot ID</b>          | <b>Q9Y243</b>                                                                                                                                                              |
| <b>Entrez</b>              | <b>2538902</b>                                                                                                                                                             |
| <b>Dilution Range</b>      | ELISA: User Optimized, Flow Cytometry: User Optimized, Fluorochrome: 1-2, Immunocytochemistry: User optimized, IF Microscopy: User optimized, Western Blot: User Optimized |

AKT3 Phycoerythrin  
Conjugated  
Monoclonal Antibody -  
Flow  
Cytometry
