

## Product Datasheet

### ALG6 (RABBIT) Antibody GRP1585

|                            |                                                                                                                                                                                  |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                           |
| <b>Reactivity</b>          | Human                                                                                                                                                                            |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                     |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                                                                                                                 |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                       |
| <b>Concentration</b>       | 80 mg/mL                                                                                                                                                                         |
| <b>Note</b>                | For research use only.                                                                                                                                                           |
| <b>Isotype</b>             | IgG                                                                                                                                                                              |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                       |
| <b>Source</b>              | This whole rabbit serum was prepared by repeated immunizations with a synthetic peptide, corresponding to a region near the N-terminus of human ALG6 protein, conjugated to KLH. |
| <b>Uniprot ID</b>          | <a href="#">Q9Y672</a>                                                                                                                                                           |
| <b>Entrez</b>              | <a href="#">280993</a>                                                                                                                                                           |
| <b>Dilution Range</b>      | ELISA: 1:45,000, Immunohistochemistry: 4µg /mL, Western Blot: 1:1000                                                                                                             |
