

Product Datasheet

AVIDIN (Egg White) (RABBIT) Antibody GRP2543

Description	Anti-AVIDIN (Egg White) (RABBIT) Antibody
Species/Host	Rabbit
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Avidin (Hen Egg White)
Entrez	140690
Dilution Range	ELISA: 1:2,000 - 1:20,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:1,000 - 1:10,000
Application Notes	Anti-AVIDIN is suitable for ELISA, Western blot, and immunohistochemistry, as well as other assays requiring lot-to-lot consistency.

Western blot of Rabbit
Anti-Avidin Antibody
