

Product Datasheet

BETA-2-MICROGLOBULIN (Human Urine) (RABBIT) Antibody GRP2290

Description	Anti-BETA-2-MICROGLOBULIN (Human Urine) (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human
Conjugation	Unconjugated
Tested Applications	ELISA, IF, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Anti-Beta-2-Microglobulin Antibody was produced by repeated immunizations with human beta-2-Microglobulin protein isolated from urine.
Uniprot ID	P61769
Entrez	286762
Dilution Range	ELISA: 1:2,000 - 1:10,000,Immunochemistry: 1:500 - 1:2,000,IF Microscopy: 1:200,Western Blot: 1:200 - 1:500
