BILIRUBIN OXIDASE (*Myrothecium verrucaria*) (GOAT) Antibody Biotin Conjugated GRP1946

Description	Anti-Bilirubin Oxidase antibody is an enzyme that increases the oxidation rate of bilirubin to biliverdin and other substrates. It is ideal for investigators interested in Metabolism or Signal Transduction research.
Species/Host	Goat
Reactivity	Fungi
Conjugation	Biotin
Tested Applications	ELISA, IP, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Bilirubin Oxidase [<i>Myrothecium verrucaria</i>]
Uniprot ID	Q12737
Entrez	855343
Dilution Range	ELISA: 1:1,000 - 1:5,000, Immunoprecipitation: 1:100, Western Blot: 1:500 - 1:2,500
