

## Product Datasheet

### CAND1 (N-terminal specific) (RABBIT) Antibody GRP1566

|                     |                                                                                                                                                                                                       |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Species/Host        | Rabbit                                                                                                                                                                                                |
| Reactivity          | Human                                                                                                                                                                                                 |
| Conjugation         | Unconjugated                                                                                                                                                                                          |
| Tested Applications | ELISA, IHC-P, IP, WB                                                                                                                                                                                  |
| Concentration       | 85 mg/mL                                                                                                                                                                                              |
| Note                | For research use only.                                                                                                                                                                                |
| Isotype             | Antiserum                                                                                                                                                                                             |
| Clonality           | Polyclonal                                                                                                                                                                                            |
| Source              | This antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to amino acids 11-24 of Human CAND1/TIP120A (N-terminal) coupled to KLH. |
| Uniprot ID          | <b>Q86VP6</b>                                                                                                                                                                                         |
| Entrez              | <b>1194341</b>                                                                                                                                                                                        |
| Dilution Range      | ELISA: 1:2,000 - 1:10,000, Immunochemistry: User Optimized, Immunoprecipitation: User Optimized, Western Blot: 1:500 - 1:1,000                                                                        |

Conjugation pathways for ubiquitin and ubiquitin-like modifiers (UBLs).
