

## Product Datasheet

### CATALASE (Bovine Liver) (RABBIT) Antibody Peroxidase Conjugated GRP2581

|                     |                                                                      |
|---------------------|----------------------------------------------------------------------|
| Description         | Anti-CATALASE (Bovine Liver) (RABBIT) Antibody Peroxidase Conjugated |
| Species/Host        | Rabbit                                                               |
| Reactivity          | Bovine                                                               |
| Conjugation         | HRP                                                                  |
| Tested Applications | ELISA, WB                                                            |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2           |
| Concentration       | 1.0 mg/mL                                                            |
| Note                | For research use only.                                               |
| Isotype             | IgG                                                                  |
| Clonality           | Polyclonal                                                           |
| Source              | Catalase [Bovine Liver]                                              |
| Uniprot ID          | <b>P00432</b>                                                        |
| Entrez              | <b>2683500</b>                                                       |
| Dilution Range      | ELISA: 1:2,000 - 1:10,000, Western Blot: 1:500- 1:2,500              |

Anti Catalase Polyclonal Antibody-Western blot
