### Collagen Type I (RABBIT) Antibody GRP3328

|                     |                                                                                                                                      |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-Collagen Type I (RABBIT) Antibody                                                                                               |
| Species/Host        | Rabbit                                                                                                                               |
| Reactivity          | Human, Bovine                                                                                                                        |
| Conjugation         | Unconjugated                                                                                                                         |
| Tested Applications | ELISA, IHC-P, IP, WB                                                                                                                 |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                           |
| Concentration       | 1.0 mg/mL                                                                                                                            |
| Note                | For research use only.                                                                                                               |
| Isotype             | IgG                                                                                                                                  |
| Clonality           | Polyclonal                                                                                                                           |
| Source              | Collagen Type I from human and bovine placenta                                                                                       |
| Uniprot ID          | <b>P02452</b>                                                                                                                        |
| Entrez              | <b>126961</b>                                                                                                                        |
| Dilution Range      | ELISA: 1:5,000 - 1:50,000, FLISA: 1:100, Immunochemistry: 1:50 - 1:200, Immunoprecipitation: 1:100, Western Blot: 1:1,000 - 1:10,000 |

Anti-Collagen I Antibody -  
Immunohistochemistry
