## **Product Datasheet**

## **EGFRv3 Polyclonal Antibody GRP482**

Description Receptor tyrosine kinase binding ligands of the EGF family and

activating several signaling cascades to convert extracellular cues into appropriate cellular responses. Known ligands include

EGF, TGFA/TGF-alpha, amphiregulin, epigen/EPGN,

BTC/betacellulin, epiregulin/EREG and HBEGF/heparin-binding

EGF. Ligand binding triggers receptor homo- and/or

heterodimerization and autophosphorylation on key cytoplasmic residues. The phosphorylated receptor recruits adapter proteins like GRB2 which in turn activates complex downstream signaling cascades. Activates at least 4 major downstream signaling cascades including the RAS-RAF-MEK-ERK, PI3 kinase-AKT, PLCgamma-PKC and STATs modules. May also activate the NF-kappa-B signaling cascade. Also directly phosphorylates other proteins like RGS16, activating its GTPase activity and probably coupling the EGF receptor signaling to the G protein-coupled receptor signaling. Also phosphorylates MUC1 and increases its interaction with SRC and CTNNB1/beta-catenin. Isoform 2 may act as an antagonist of EGF action.

Species/Host Rabbit

Reactivity Human

Conjugation Unconjugated

IHC-P, WB **Tested Applications** 

**Immunogen** KLH conjugated synthetic peptide derived from human EGFRvIII

(public\_immunogen\_range: 1-50/1081)

Aqueous buffered solution containing 1% BSA, 50% glycerol and Form/Appearance

0.09% sodium azide.

Concentration 1ug/ul

Storage Store at -20°C for 12 months.

Note For research use only.

Isotype IgG

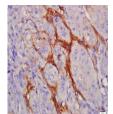

Clonality Polyclonal

**Purity** Purified by Protein A.

**Uniprot ID Q59FL8** 

**Entrez** 1956

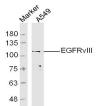

WB: 1:300-1000, IHC-P: 1:200-400 **Dilution Range** 

Formalin-fixed and paraffin embedded human laryngocarcinoma labeled with

Anti-EGFRvIII Polyclonal Antibody, Unconjugated (GRP482) at 1:200 followed by conjugation to the

secondary antibody and DAB staining

A549 Cells lysates probed

with

EGFRvIII Polyclonal Antibody,

unconjugated (GRP482) at

1:300

overnight at 4°C followed

a conjugated secondary
