### Collagen Type VI (RABBIT) Antibody GRP3345

|                     |                                                                                                                        |
|---------------------|------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-Collagen Type VI (RABBIT) Antibody                                                                                |
| Species/Host        | Rabbit                                                                                                                 |
| Reactivity          | Human, Bovine                                                                                                          |
| Conjugation         | Unconjugated                                                                                                           |
| Tested Applications | ELISA, IHC-P, IP, WB                                                                                                   |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                             |
| Concentration       | 1.0 mg/mL                                                                                                              |
| Note                | For research use only.                                                                                                 |
| Isotype             | IgG                                                                                                                    |
| Clonality           | Polyclonal                                                                                                             |
| Source              | Collagen Type VI from human and bovine placenta                                                                        |
| Uniprot ID          | <b>P12109</b>                                                                                                          |
| Entrez              | <b>121504</b>                                                                                                          |
| Dilution Range      | ELISA: 1:5,000 - 1:50,000, Immunochemistry: 1:50 - 1:200, Immunoprecipitation: 1:100, Western Blot: 1:1,000 - 1:10,000 |

Anti-Collagen VI Antibody
