

Product Datasheet

Cybr (RABBIT) Antibody GRP1575

Species/Host	Rabbit
Reactivity	Human, Mouse, Rat
Conjugation	Unconjugated
Tested Applications	ELISA, IP, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	85 mg/mL
Note	For research use only.
Isotype	Antiserum
Clonality	Polyclonal
Source	PSCDBP antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to a region in the C-terminal portion of mouse Cybr.
Uniprot ID	Q91VY6
Entrez	6376
Dilution Range	ELISA: 1:5,000 - 1:20,000, Immunoprecipitation: 1:100, Western Blot: 1:1,000 - 1:10,000

Anti-Cybr Antibody -
Western
