

Product Datasheet

DNA PKcs pT 2609 (RABBIT) Antibody GRP3450

Description	Anti-DNA PKcs pT 2609 (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human
Conjugation	Unconjugated
Tested Applications	ELISA, IP, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Rabbit Anti-DNA PKcs pT2609 affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to amino acids surrounding Thr 2609 of human DNA PKcs.
Uniprot ID	P78527
Entrez	3558
Dilution Range	ELISA: 1:300,000, Immunoprecipitation: User Optimized, Western Blot: 1:500 - 1:2,000

Anti-DNA PKcs Antibody - Western Blot
