# GLUCOSE OXIDASE (RABBIT) Antibody Peroxidase Conjugated GRP2564

|                            |                                                                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-GLUCOSE OXIDASE (RABBIT) Antibody Peroxidase Conjugated                                                                      |
| <b>Species/Host</b>        | Rabbit                                                                                                                            |
| <b>Reactivity</b>          | Fungi                                                                                                                             |
| <b>Conjugation</b>         | HRP                                                                                                                               |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                                                                  |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                        |
| <b>Concentration</b>       | 1.0 mg/mL                                                                                                                         |
| <b>Note</b>                | For research use only.                                                                                                            |
| <b>Isotype</b>             | IgG                                                                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                                                                        |
| <b>Source</b>              | Glucose Oxidase [ <i>Aspergillus niger</i> ]                                                                                      |
| <b>Uniprot ID</b>          | <b>P13006</b>                                                                                                                     |
| <b>Entrez</b>              | <b>23886</b>                                                                                                                      |
| <b>Dilution Range</b>      | ELISA: 1:5,000 - 1:25,000, Immunochemistry: 1:500 - 1:2,500, Western Blot: 1:1,000 - 1:5,000                                      |
| <b>Application Notes</b>   | Anti-Glucose Oxidase is useful in ELISA, western blot, and Immunohistochemistry. Optimal titers should be obtained by researcher. |

Glucose Oxidase Antibody Peroxidase Conjugated - Western Blot
