

Product Datasheet

Glypican 1 (RABBIT) Antibody] GRP2335

Description	Anti-Glypican 1 (RABBIT) Antibody]
Species/Host	Rabbit
Reactivity	Human, Mouse, Rat
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	2.1 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Anti-Glypican-1 antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to an internal region of human glypican-1 protein.
Uniprot ID	P35052
Entrez	1194357
Dilution Range	ELISA: 1:10,000 - 1:50,000, Immunochemistry: 10µg /mL, Western Blot: 1:500- 1:2,000
