

Product Datasheet

GOAT IgG F(ab')₂ (RABBIT) Antibody GRP4289

Description	Anti-GOAT IgG F(ab') ₂ (RABBIT) Antibody
Species/Host	Rabbit
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.6 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Goat IgG F(ab') ₂ fragment
Entrez	9125732
Dilution Range	ELISA: 1:275,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:5,000 - 1:25,000
Application Notes	Anti-Goat IgG F(ab') ₂ antibody is suitable for ELISA, western blot, and immunohistochemistry, as well as other assays requiring lot-to-lot consistency.
