

Product Datasheet

HER3 (RABBIT) Antibody GRP2298

Description	Anti-HER3 (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human
Conjugation	Unconjugated
Tested Applications	ELISA, IP, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	2.5 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Anti-HER3 whole rabbit serum was prepared by repeated immunizations with a HER3 fusion protein corresponding to amino acids 1283 to 1323 (40 amino acids) at the carboxy-terminus of human HER3.
Uniprot ID	P21860
Entrez	6872
Dilution Range	ELISA: 1:10,000 - 1:50,000, Immunoprecipitation: Use 5 µL antibody., Western Blot: 1:500- 1:2,000
