### HEXOKINASE (Yeast) (RABBIT) Antibody Biotin Conjugated GRP2662

|                     |                                                                                                                                                                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-HEXOKINASE (Yeast) (RABBIT) Antibody Biotin Conjugated                                                                                                                                                                                              |
| Species/Host        | Rabbit                                                                                                                                                                                                                                                   |
| Reactivity          | Fungi                                                                                                                                                                                                                                                    |
| Conjugation         | Biotin                                                                                                                                                                                                                                                   |
| Tested Applications | ELISA, WB                                                                                                                                                                                                                                                |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                               |
| Concentration       | 1.0 mg/mL                                                                                                                                                                                                                                                |
| Note                | For research use only.                                                                                                                                                                                                                                   |
| Isotype             | IgG                                                                                                                                                                                                                                                      |
| Clonality           | Polyclonal                                                                                                                                                                                                                                               |

| Dilution Range      | ELISA: 1:1,000 - 1:2,500, Western Blot: 1:500 - 1:1,000                                                                                                                                                                                                  |
| Application Notes   | Anti-Hexokinase has been assayed against 1.0 ug of Hexokinase in a standard capture ELISA using Peroxidase Conjugated Streptavidin and ABTS (2,2'-azino-bis-[3-ethylbenthiazoline-6-sulfonic acid]) 0 as a substrate for 30 minutes at room temperature. |
