

## Product Datasheet

### Hice1 pS70 (Rabbit) Antibody GRP3696

|                     |                                                                                                                                                                                   |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Anti-Hice1 pS70 (Rabbit) Antibody                                                                                                                                                 |
| Species/Host        | Rabbit                                                                                                                                                                            |
| Reactivity          | Human                                                                                                                                                                             |
| Conjugation         | Unconjugated                                                                                                                                                                      |
| Tested Applications | ELISA, WB                                                                                                                                                                         |
| Form/Appearance     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                        |
| Concentration       | 0.47 mg/mL                                                                                                                                                                        |
| Note                | For research use only.                                                                                                                                                            |
| Isotype             | IgG                                                                                                                                                                               |
| Clonality           | Polyclonal                                                                                                                                                                        |
| Source              | Anti-Hice1 pS70 Antibody was prepared by repeated immunizations with a phosphorylated synthetic peptide corresponding to the region of amino acids containing serine 70 of Hice1. |
| Uniprot ID          | <b>Q9BT25</b>                                                                                                                                                                     |
| Entrez              | <b>780933</b>                                                                                                                                                                     |
| Dilution Range      | ELISA: 1:17,000-1:45,000, Western Blot: 0.5 µg /mL                                                                                                                                |

Anti-Hice1 pS70 (Rabbit)  
Antibody - Western Blot
