

## Product Datasheet

### Histone H3 (Rabbit) Antibody GRP2380

|                            |                                                                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-Histone H3 (Rabbit) Antibody                                                                                                                                |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                           |
| <b>Reactivity</b>          | Human                                                                                                                                                            |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                     |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                                                                                                 |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                       |
| <b>Concentration</b>       | 1.0 mg/ml                                                                                                                                                        |
| <b>Note</b>                | For research use only.                                                                                                                                           |
| <b>Isotype</b>             | IgG                                                                                                                                                              |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                       |
| <b>Source</b>              | Anti-Histone-3 was prepared from whole rabbit serum produced by repeated immunizations with a peptide corresponding to the c-terminus region of human histone-3. |
| <b>Uniprot ID</b>          | <b>P68431</b>                                                                                                                                                    |
| <b>Entrez</b>              | <b>547831</b>                                                                                                                                                    |
| <b>Dilution Range</b>      | ELISA: 5.0 ug/ml, Immunochemistry: User Optimized, Western Blot: 1.0 ug/ml                                                                                       |

Western blot of Histone H3 antibody
