

Product Datasheet

Histone H3 [Sym-dimethyl Arg8] (RABBIT) Antibody GRP3821

Description	Anti-Histone H3 [Sym-dimethyl Arg8] (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human, C. Elegans
Conjugation	Unconjugated
Tested Applications	ChIP, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	0.52mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Histone H3 [Sym-dimethyl Arg8] affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic symmetric dimethylated peptide surrounding Arginine 8 of human Histone H3.2.
Uniprot ID	Q71DI3
Entrez	7471
Dilution Range	ChIP: 2-5µg /million cells, Western Blot: 2µg /mL

Histone H3 [Sym-dimethyl Arg8] ChIP
