

## Product Datasheet

### MOUSE IgG (H&L) (GOAT) Antibody Rhodamine Conjugated (Min X Human Serum Proteins) GRP4679

|                            |                                                                                                                |
|----------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-MOUSE IgG (H&L) (GOAT) Antibody Rhodamine Conjugated (Min X Human Serum Proteins)                         |
| <b>Species/Host</b>        | Goat                                                                                                           |
| <b>Conjugation</b>         | Rhodamine (TRITC)                                                                                              |
| <b>Tested Applications</b> | FC, IF, IHC-P                                                                                                  |
| <b>Form/Appearance</b>     | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                        |
| <b>Concentration</b>       | 2.0 mg/mL                                                                                                      |
| <b>Note</b>                | For research use only.                                                                                         |
| <b>Isotype</b>             | IgG                                                                                                            |
| <b>Clonality</b>           | Polyclonal                                                                                                     |
| <b>Source</b>              | Mouse IgG whole molecule                                                                                       |
| <b>Dilution Range</b>      | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, Fluorochrome: 1, IF Microscopy: 1:1,000 - 1:5,000 |

WB - Mouse IgG (H&L) Antibody  
Rhodamine Conjugated  
Pre-Adsorbed
