### MOUSE IgM (H&L) (GOAT) Antibody GRP1768

|                            |                                                                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Species/Host</b>        | Goat                                                                                                                                                                  |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                          |
| <b>Tested Applications</b> | ELISA, IHC-P, WB                                                                                                                                                      |
| <b>Form/Appearance</b>     | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                               |
| <b>Concentration</b>       | 85 mg/mL                                                                                                                                                              |
| <b>Note</b>                | For research use only.                                                                                                                                                |
| <b>Isotype</b>             | Antiserum                                                                                                                                                             |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                            |
| <b>Source</b>              | Mouse IgM whole molecule                                                                                                                                              |
| <b>Dilution Range</b>      | ELISA: 1:20,000 - 1:100,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000                                                                     |
| <b>Application Notes</b>   | Anti-Mouse IgM antibody is suitable for use in ELISA, immunohistochemistry, and western blot. Specific conditions for reactivity should be optimized by the end user. |
