

Product Datasheet

MYC EPI TOPE TAG (RABBIT) Antibody Biotin Conjugated GRP4058

Description	Anti-MYC EPI TOPE TAG (RABBIT) Antibody Biotin Conjugated
Species/Host	Rabbit
Conjugation	Biotin
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	This antibody was purified from whole rabbit serum prepared by repeated immunizations with Myc epitope tag peptide E-Q-K-L-I-S-E-E-D-L conjugated to KLH using maleimide. The sequence corresponds to aa 410-419 of human c-Myc.
Dilution Range	ELISA: 1:100,000 - 1:500,000, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000
