### PENICILLINASE (*Enterobacter cloacae*) (RABBIT) Antibody Peroxidase Conjugated GRP2607

|                            |                                                                                                   |
|----------------------------|---------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-PENICILLINASE ( <i>Enterobacter cloacae</i> ) (RABBIT) Antibody Peroxidase Conjugated        |
| <b>Species/Host</b>        | Rabbit                                                                                            |
| <b>Reactivity</b>          | Bacteria                                                                                          |
| <b>Conjugation</b>         | HRP                                                                                               |
| <b>Tested Applications</b> | IP, WB                                                                                            |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                        |
| <b>Concentration</b>       | 1.0 mg/mL                                                                                         |
| <b>Note</b>                | For research use only.                                                                            |
| <b>Isotype</b>             | IgG                                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                                        |
| <b>Source</b>              | Penicillinase [ <i>Enterobacter cloacae</i> ]                                                     |
| <b>Uniprot ID</b>          | <b>P05364</b>                                                                                     |
| <b>Entrez</b>              | <a href="https://www.ncbi.nlm.nih.gov/gene/9125732">https://www.ncbi.nlm.nih.gov/gene/9125732</a> |
| <b>Dilution Range</b>      | Immunoprecipitation: 1:100,Western Blot: 1:250                                                    |
