### PROTEIN G (RABBIT) Antibody Conjugated GRP2478

|                            |                                                                                |
|----------------------------|--------------------------------------------------------------------------------|
| <b>Description</b>         | Anti-PROTEIN G (RABBIT) Antibody Conjugated                                    |
| <b>Species/Host</b>        | Rabbit                                                                         |
| <b>Conjugation</b>         | Texas Red                                                                      |
| <b>Tested Applications</b> | FC, IF                                                                         |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                     |
| <b>Concentration</b>       | 1.0 mg/mL                                                                      |
| <b>Note</b>                | For research use only.                                                         |
| <b>Isotype</b>             | IgG                                                                            |
| <b>Clonality</b>           | Polyclonal                                                                     |
| <b>Source</b>              | Protein G [Streptococcus species]                                              |
| <b>Dilution Range</b>      | Flow Cytometry: 1:200-1:1,000, Fluorochrome: 2.4, IF Microscopy:<br>1:50-1:250 |
