

Product Datasheet

PROTEIN G (RABBIT) Antibody Fluorescein Conjugated GRP2417

Description	Anti-PROTEIN G (RABBIT) Antibody Fluorescein Conjugated
Species/Host	Rabbit
Reactivity	Human, Rat
Conjugation	FITC
Tested Applications	FC, IF, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Protein G (Streptococcus species)
Dilution Range	FLISA: User Optimized, Flow Cytometry: User Optimized, Fluorochrome: 4.5, IF Microscopy: 1:50 - 1:250, Western Blot: User Optimized

Protein G Antibody
Fluorescein
Conjugated - Dot Blot
